There aren't a lot of big expenses so the registration can be quite low. We can put of a bit of a budget and project how many boats and come up with a \$\$\$. As I discussed with you we need to meet with Sharon Chapman to see what part of this she wants to take part in. I think she was OK with having the place open for the Friday/Saturday night with 1<sup>st</sup> come/ 1<sup>st</sup> serve with the dinners and she would organize the entertainment. I don't know about breakfasts/ box lunches. Maybe let everyone get their own.
